# **URGENT NOTICE**

## **Water Supply Interruptions**

**Moses Kotane and Thabazimbi Local Municipalities**

**Monday, 31<sup>st</sup> October 2022**

**Subject: Update – Water Supply on Lapatrie Supply Scheme Remains Constrained**

Magalies Water hereby informs consumers that following an update to a previously communicated service interruption notice issued on the 28<sup>th</sup> of October 2022, the fault which caused the breakdown of the pump at plant 2D has been located at the weekend. Work has already commenced to ensure that by Wednesday the repairs and recommissioning are completed, through assistance of the equipment manufacturer.

Normal water pressure is expected to be restored by Friday. In the interim Magalies Water has deployed water tankers to the affected areas, until the pump is recommissioned for service. Magalies Water regrets the inconvenience and will be working with the necessary speed to ensure that consumers do not experience prolonged water supply interruptions.
