

URGENT NOTICE

Water Supply Interruptions

Saturday, 4th February 2023

Subject: Update - Emergency Shutdown on Bospoort Bulk Pipeline

Magalies Water hereby informs bulk consumers receiving water supply from the Bospoort bulk pipeline that the work which necessitated an emergency shutdown has been completed. Given the nature of the work which was undertaken as well as the reduced supply onto the bulk line, it was expected that water demand will spike during this period. Currently we are operating at full capacity and reservoir levels supplying Bospoort is at 41% and we are supplying the bulk line at 85MI/d.

Magalies Water apologizes for the inconvenience caused in this regard and encourages consumers to use water sparingly during this period, in order to prevent prolonged water supply interruptions.
