

URGENT NOTICE

Water Supply Interruptions

Saturday, 04 March 2023

Subject: Water Supply Interruptions on Klipdrift Supply Scheme Due to Electricity Supply Outage

Magalies Water hereby informs customers receiving water supply from the Klipdrift Supply Scheme of imminent water supply interruptions. This is due to an electricity outage that is affecting operations at Klipdrift WTP. As a result of the power outage, production has been affected for the bulk water supply to consumers in the Klipdrift scheme.

Eskom has been notified and is conducting investigations into the cause of the power outage. At this stage, Eskom has not communicated the restoration time of power supply. Reservoir levels are dropping due to the absence of continued production from the plant and water supply interruptions are imminent.

Consumers are therefore requested to use water sparingly during this period, until the situation improves. Magalies Water would like to apologize for any inconvenience caused.
