

URGENT NOTICE

Water Supply Interruptions

Friday, 25 August 2023

Subject: Water Supply Interruptions in the Wallmansthal Supply Scheme Due to Planned Plant Shutdown

Magalies Water hereby informs customers receiving water supply from the Wallmansthal Supply Scheme, that there will be a planned plant shutdown from Tuesday, 29 August 2023 at 06:00am – Wednesday, 30 August 2023 at 06:00am. During this time, the plant will be decommissioned to allow two plant inlet sluice valves to be replaced. The shutdown will also include the removal of the old sluice valves, installation of the new valves and the drying time for the grout to set.

Magalies Water will augment water from the Roodeplaat Water Treatment Plant to minimise water supply interruptions, however, customers are advised to use water sparingly during this time.

We apologise for any inconvenience caused during this time to prevent prolonged water supply interruptions.

Magalies Water apologizes for this inconvenience that this may cause.
