Item No.	Description/Specification
1.	<p>This project seeks to acquire services of a competent service provider to assist with the Design and installation of the steel nets for the removal of floating substances in Crocodile and Magalies River water. Intrinsic ecological services. The width of Crocodile River is 200 m whereas the width of Magalies river is 150 m. Approximately 1 m of the net should be submerged into water and should also have flexibility of adjustment to cater for high and low flows since climate change is a prominent issue of prime concern at global scale. This should be anchored using robust civil structure with cognizance of worst case scenario in terms of flood line and climate extremities. This line should be used to capture coarse and bigger floating materials. Clean ability of the nets should be considered during the design and every ecological activity should be favored since impeding ecological systems could affect the holistic functioning of the dam in terms of the intrinsic ecological services.</p> <p>Briefing will be on 09th October 2023</p> <p><b>COMPREHENSIVE SPEC TO BE REVIEWED AT THE BRIEFING</b></p> <p>Briefing will be on 09th October 2023 ...10H00 AM FOR 11H00 AM...AT Hartebeesport Dam..DWS Office</p>

## 1. Submission of Quotations

RFQ Number must always be stated on the quotation.

Quotations should be submitted on email below. Email: [grannym@magalieswater.co.za](mailto:grannym@magalieswater.co.za)
