Water Supply Interruptions Greater Taung Local Municipality

Friday, 20 October 2023

**Subject: Water Supply Interruption in Some Parts of Greater Taung Local Municipality
Due to a Constrained Water Supply System**

Magalies Water hereby informs residents of Greater Taung Local Municipality of the ongoing water supply interruptions in some parts within the municipal jurisdiction.

The ongoing interruptions are as a result of high water demand that the current infrastructure capacity cannot match. Population and settlement growth over time have caused a strain on the current system beyond its design capacity and functionality, resulting in prolonged water supply interruption in certain areas.

The following areas continue to be affected, by the current water supply constraints:

- Taung Central
- Depot
- Unit Six
- Taung Station
- Rooiwal
- Matolong
- Itireleng
- Dryharts

- Pudimoe Township
- Matlhako I & II
- Mogopela A & B
- Khibicwane and Khibicwane Extension
- Cokonyane

In the meantime, the residents are advised to use water sparingly until a medium to long term solution is found.

Magalies Water apologises for the inconvenience that this has caused.
