

URGENT NOTICE

Water Supply Interruptions

Sunday, 29 October 2023

Subject: Water Supply Interruptions in the Vaalkop Water Supply Scheme

Magalies Water (MW) would like to notify ALL consumers on the Vaalkop Water supply scheme about an unscheduled Vaalkop WTW shut down. Two Eskom power failures have been experienced at the Vaalkop WTW during the past 24 hours. The first power outage occurred on Sunday morning at 00:30 and lasted until 04:00.

The second power outage occurred on Sunday morning at 10:00 and lasted until 11:00. These power outages have resulted in plant down time of around 8 hours and had a negative impact on the supply and distribution of potable water to consumers.

All consumers may experience low pressures and/or water supply interruptions, including the following areas:

- Rustenburg Local Municipality areas.
- Moses Kotane Local Municipality areas and Sun City
- Thabazimbi Local Municipality areas
- Royal Bafokeng Administration
- Mines operating in the above areas.

Rationing of water supply is advised to minimise the impact on consumers while building capacity in the water storage reservoirs.

Magalies Water apologises for the inconvenience this may cause. All Consumers are requested to use water sparingly during this period to prevent prolonged water supply interruptions.

Magalies Water apologises for the inconvenience that this has caused.
