Subject: Water Supply Interruptions on Wallmannsthal Supply Scheme Due to Power Outage

Magalies Water hereby notifies customers receiving water supply from the Wallmannsthal Supply Scheme, of envisaged water supply interruptions. This is due to an incident where power supply to the plant has been disconnected. Eskom has been alerted and has since deployed a team of technical personnel to investigate and resolve the outage.

Consumers are warned of water supply interruptions, which are likely to be implemented by virtue of the current situation, until power has been restored. We urge customers to use water sparingly during this period in order to prevent prolonged water supply interruptions. Magalies Water regrets the inconvenience that this has caused.
