

## **URGENT NOTICE**

### **Water Supply Interruptions**

**Saturday, 09<sup>th</sup> December 2023**

**Subject: Water Supply Interruptions Due to Kortbegrip Lower Electricity Voltage in the System**

Magalies Water hereby notifies, consumers receiving water supply from Vaalkop Supply Scheme through Kortbegrip of envisaged water supply interruptions. This is due to an incident of cable theft, which led to lower voltage supply into operations. Eskom has dispatched a team which has commenced with the replacement of the stolen cables and at this stage no restoration time of full power supply has been communicated.

As a result of this incident, the pumps supplying water into Kortbegrip are currently out of service, owing to low voltage supply. The following areas will experience water supply interruptions during this period:

- Lethabong
- Modikwe
- Barseba

Magalies Water regrets the inconvenience that this has caused.
