

URGENT NOTICE

Water Supply Interruptions

Mahikeng Local Municipality

Thursday, 11th January 2024

Subject: Water Supply Interruptions Due to Electricity Outage

Magalies Water hereby informs consumers receiving water supply from Mmabatho Water Treatment Plant, of imminent water supply interruptions. This is due to an incident which resulted in a power outage at Lokaleng Pump Station, which occurred earlier today. Eskom has been notified of this incident, and investigations have not yet revealed the cause of power supply interruption.

Consequently, due to the suspension of operations as result of an off-line pump station, consumers can expect water supply interruptions due to reduction in reservoir levels, as no bulk supply is processed through the system into the reservoirs.

Residents are advised to use water sparingly during this period, and updates will be communicated once more information becomes available.

Magalies Water apologizes for any inconvenience in this regard.
