Water Supply Interruptions

Tuesday, 23rd January 2024

Subject: Water Supply Interruptions on Vaalkop Supply Scheme

Magalies Water hereby notifies consumers receiving water supply from Vaalkop Water Supply Scheme of envisaged water supply interruptions. This is due to ongoing repairs on part of the bulk infrastructure, whereby a new leak was detected along the bulk pipeline in Monakato.

The following bulk customer will be affected:

- Rustenburg Local Municipality (Monakato)

Repairs to the damaged section of the bulk pipeline are expected to be completed after 6 hours, thereafter water supply will be restored, and access to potable water is likely to be delayed due to the suspension of services, including pumping into the reservoir.

Magalies Water apologizes for the inconvenience caused in this regard, and encourages consumers to use water sparingly, in order to prevent prolonged water supply interruptions.
