

## **URGENT NOTICE**

### **Water Supply Interruptions**

**Tuesday 27<sup>th</sup> February 2024**

**Subject: Imminent Water Supply Interruptions in the Wallmansthal Supply Scheme Due to Suspension of Augmentation from Roodeplaat Water Treatment Works**

Magalies Water hereby informs customers receiving water supply from the Wallmansthal Supply Scheme of imminent water supply interruptions. This is due to repetitive power supply failures, which have adversely affected the operation of City of Tshwane owned Roodeplaat Water Treatment Works, which provides augmented water supply into the scheme.

Notwithstanding that the Wallmansthal Water Treatment Plant is fully operational, the absence of augmented water supply, into the scheme is likely to affect output water volumes, which will lead into supply interruptions. Customers are advised to use water sparingly during this time, in order to prevent prolonged water supply interruptions.

Magalies Water apologizes for this inconvenience that this may cause.
