### Water Supply Interruptions

**Thursday, 21<sup>st</sup> March 2024**

**Subject: Water Interruption Due to Emergency Shutdown**

Magalies Water hereby informs customers in the Northern Scheme, receiving water supply from the Lapatrie reservoirs of water supply interruptions due to an emergency shutdown. The shutdown is as a result of repairs of two leaks on the high-pressure pipeline supplying Lapatrie from the Vaalkop Water Treatment Plant.

The shutdown will take place as follows:

Date: Friday, 22<sup>nd</sup> March 2024

Duration: 8 hours (08:00 – 16:00)

The following bulk customers will in the intervening period experience water supply interruptions.

- Moses Kotane Local Municipality
- Thabazimbi Local Municipality
- Mines operating in the above-mentioned municipalities

This intervention will tentatively impact the availability of water until the system recovers. Affected communities are requested to use water sparingly during this time to prevent prolonged water supply interruptions.

Magalies Water apologizes for this inconvenience that this may cause.
