

## **URGENT NOTICE**

### **Water Supply Interruptions**

**Monday, 18<sup>th</sup> March 2024**

**Subject: Water Supply Interruptions in the Vaalkop Supply Scheme**

Magalies Water hereby informs customers in the Northern Scheme, receiving water supply from the Vaalkop Water Treatment Plant of water supply interruptions. The system is under severe stress due to high demands emanating from the heat wave and raw water quality along with other climatic extremities. As such, Magalies Water will be implementing daily restrictions from 18:00 until 05:00 in order to ration water to all areas receiving supply from the scheme.

This intervention will tentatively impact the availability of water until the system recovers. Affected communities are requested to use water sparingly during this time in order to prevent prolonged water supply interruptions.

Magalies Water apologizes for this inconvenience that this may cause.
