

## URGENT NOTICE

### Water Supply Interruptions

**Sunday, 03<sup>rd</sup> March 2024**

**Subject: Water Supply Interruptions in Vaalkop Supply Scheme Due to Pump Failure**

Magalies Water hereby informs customers receiving water supply from the Vaalkop Supply of imminent water supply interruptions. This is due an incident of a raw pump water failure, which is connected through an integrated network supplying Bospoort and Kortbegrip reservoirs, respectively.

This has led to a significant decrease in pumping rates at Plant number 03.

Consequently, the following customers will experience water supply interruptions:

- Rustenburg Local Municipality
- Royal Bafokeng Administration

The pump has been dispatched to service providers, to conduct an assessment of the extent damage and repair the component accordingly.

We encourage consumers to use water sparingly in order to prevent prolonged water supply interruptions. Magalies Water apologizes for this inconvenience that this may cause.
